ROSEVILLE

Deb Blume	City Engineer	651-792-7000
Don Munson	Building Inspector	651-792-7081

TIMING

The Ramsey County Historical Society (RCHS) would like to have the house gone and the land reclaimed by mid-summer, 2008.

The House Movers tell me that it will take 2 months from the date they are contracted to get all the permits in place and the house up on dollies. It will take another 2 months to build the new foundation and set the house down in its new location.

OFFERS

The RCHS Board of Directors is comprised of a large number of people, and functions primarily by committee. We will have to set up a committee meeting to review any and all offers that may come in. The meeting will be scheduled as soon as possible, giving any interested parties time for the “due diligence” that will be required to make a well informed offer on the property.
